Paper 2 The environment of Pakistan

This component tests your ability to:

- recall, select, use and communicate your knowledge and understanding
- apply your knowledge and understanding of physical and human environments and issues through explanation, analysis and evaluation
- apply skills and interpret a variety of geographical resources.

You need to answer **three** questions from a choice of **five**:

TYPES OF QUESTIONS

Questions that ask you to recall the name of a city, a port or a crop, for example, or ask you to write a list

- typically worth 1 or 2 marks
- will ask you a question about places, crops, maps, processes, etc. that you are expected to have knowledge of.

Read the question very carefully and be precise.

Attempt all of the questions. Give an answer even if you are not sure.

You can give very brief answers, sometimes single words, if you are asked 'to list'.

3-4 minutes for all of these part questions in each question

Questions that use photographs/ graphs/tables/maps etc.

- typically worth 2 or 3 marks
- ask you to apply your skills to interpret a resource or
- **sometimes** ask you to apply your knowledge and understanding to a question.

You must look very carefully at the labels/titles/axis/key of the resource.

You must use units if you are being asked to provide data.

You will typically be asked to use the information in the resource to give an answer. This is because this type of question is testing your ability to use your data reading and analysis skills.

Sometimes you will be asked to use the resource and your own knowledge. This is because this type of question is testing your knowledge and understanding.

6-8 minutes for all of these part questions in each question
