

(Past Paper. Q)

Q) Differentiate btw Hadis, Qudsi, Nabwi, Qawli, Faili & Taqreeri.

Ans) Hadis Qudsi enjoys special status in the types of Hadis based on degree of geniusness of the Hadis. It is ranked on top among the Sahih (Authoritative) & is also called "The Non-recitable revelation" because according to the definition Hadis by the Muhaddissin (Narrators and experts of Hadis) as well as the legal experts of Islamic Jurisprudence, A Hadis Qudsi is the divine word spoken by the prophet himself. Though such traditions were not formally incorporated in Quran, they continue to enjoy and exceptionally special status because the prophet was always guided by God through out his prophetic mission & the Quran confirms this

"Nor does he (Prophet Muhammad P.B.U.H) say anything of his own desire. It is

no less than an inspiration sent down to him."
(Surah Al-Najam)

1 major Mark of Identity of such traditions is that their Matn and text, usually contains Allah's direct speech. So unlike all other traditions (Ahadis), their authenticity (Isnat) (Chain of transmitter) is traced by way of the Prophet by God Almighty himself. According to famous Hadis expert Syed Al-Sharif-al-Jurjani

“A sacred Hadis “Hadis Qudsi” as to the meaning, it from Allah Almighty; ~~so~~ to the wording, it is from the messenger of Allah. It is that which Allah Almighty has communicated to his prophet through revelation or in dream, and he (Muhammad P.B.U.H) has communicated in his own words. Thus the Quran remains superior to it, because, besides being revealed it is His (Allah's) wording.”

These traditions or Hadis Qudsi have been included in the books of 6 major collectors (Al-Sahah-al-Sitta), and there have been separate collections exclusively

of Hadis Qudsi for e.g. ⁴⁰40 Hadis Qudsi published by the revival of Islamic Heritage society. Hadis Qudsi is extremely helpful in understanding the fundamentals of Islam such as the articles of Faith & the pillars of Islam. The following Hadis highlight the importance of Fasting where the prophet narrated

Gods promise "Fasting is for me & I will reward for it"

Question Continued

Q)

Ans) Hadis Nabwi is that Hadis which contains the actual statement & teaching of the Holy Prophet (S.A.W) in the form of his sayings

"Actions & tacit approvals." } Qauli / Taqriri

In Hadis Nabwi, the Ultimate Rawi is the companion of the Holy Prophet (PBUH). For eg, it is recorded in Sahih Bukhari that Umer^{RA} reported that the Holy Prophet said

"Actions are judged by intentions, and every person will get the rewards according to what he has intended. So whoever emigrates for worldly wordly benefits or for a woman to marry, ^{his} ^{reward...} ~~his~~ ^{emigration} ~~emigration~~ will be what he emigrated."

Ahadis Nabwi Are many in number and

guide the Muslims in almost each & every aspect of their life. They not only help us in understanding more about our beliefs, & how to practice the teachings of Islam. They also help us to seek guidance in legal, political, social & economic aspects of life. When the holy Prophet "conveyed a teaching of Islam, in his own words, it became Hadis Nabwi for e.g. the Holy Prophet (PBUH) said

"I and the man who brings up an orphan will be in paradise like this. (and then he pointed with his 2 fingers the index & the middle finger)".

Here I refer to Prophet (PBUH), Hence Hadis Nabwi

The sayings of Prophet Muhammad (PBUH) are referred to as Qauli Sunnah. Following is an e.g., Huzafa narrates that the Messenger of Allah stated,

"Satan considers the food upon which Allah's name is not mentioned as lawful (that is Bismillah is not mentioned before it is eaten.)" Muslim

Any deed of Messenger of Allah is referred to as Fi'li Sunnah. Following is an e.g., Naimen - Ibn Bashir narrates

"When we stood up for prayers, the messenger of Allah, would straighten our rows. ~~to~~ When we stood straight, He (PBUH) would say "Takbir" (That is Allah-u-Akbar) & start the prayer (Ibn-Daood)

The tacit approval of the messenger of Allah are referred to as "Tagiriri Sunnah". Following is an e.g. it is narrated from Qais - Ibn-Amr that the messenger of Allah saw a person performing 2 rakat prayer after morning obligatory prayer, so he asked him

"The morning prayer is of ² Rakats. ~~Th~~

The man replied:

"I did not perform the 2 rakat before the obligatory so I have prayed them 2 now."

The messenger of Allah was then silent
(that is he gave his tacent permission)
(Abu Dawood)

All these sunnah are equal, & have legal
status in Sharēeah
